(ABN 84 114 483 091)

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2015**

The financial statements cover The Church of Jesus Christ of Latter-day Saints Australia as an individual entity, incorporated and domiciled in Australia. The Church of Jesus Christ of Latter-day Saints Australia is a company limited by guarantee.

The financial statements were authorised for issue on the 9<sup>th</sup> of May, 2016 by the directors of the company.

**Note 1:           Summary of Significant Accounting Policies**

The directors have prepared the financial statements on the basis that the company is a non-reporting entity because there are no users who are dependent on general purpose financial statements. These financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the *Corporations Act 2001*. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements have been prepared in accordance with the mandatory Australian Accounting Standards applicable to entities reporting under the *Corporations Act 2001* and the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous year unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accrual basis and are based on historical cost unless otherwise stated in the notes. The accounting policies that have been adopted in the preparation of the statements are as follows:

**Accounting Policies**

**(a) Income Tax**

The company is endorsed as a charitable institution by the Australian Taxation Office and is exempt from income tax under Subdivision 50-B of the Income Tax Assessment Act 1997.

**(b) Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**(c) Revenue**

Revenue from donations is measured at the fair value of the consideration received and is recognised upon the receipt of cash or of control of an asset other than cash. Interest revenue is recognised as it accrues using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

(ABN 84 114 483 091)

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2015**

**Note 1: Statement of Significant Accounting Policies (continued)**

**(d) Contributions**

The company receives non-reciprocal contributions from the Church of Jesus Christ of Latter-day Saints and members of the Church for no or a nominal value. These contributions are recognised at fair value on the date of acquisition upon which time an asset is taken up in the Statement of Financial Position and revenue in the Statement of Comprehensive Income.

**(e) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

**(f) Property, Plant and Equipment**

Each class of property, plant and equipment is carried at cost or fair value, less, where applicable accumulated depreciation and any impairment losses.

Plant and equipment are measured on the cost basis. The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of expected net cash flows that will be received from the assets employment and subsequent disposal.

The depreciable amount of all fixed assets is depreciated on the straight line basis over the assets useful life to the entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

<b>Class of Fixed Asset</b>	<b>Depreciation Rate</b>
Motor Vehicles	20.0%
Plant and Equipment	15% – 20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

**THE CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS AUSTRALIA**  
(ABN 84 114 483 091)

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2015**

**Note 1: Statement of Significant Accounting Policies (continued)**

**(g) Leases**

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership are transferred to the company are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

**(h) Impairment of Assets**

At the end of each reporting period, the Company reviews the carrying value of its assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the assets carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the Statement of Comprehensive Income.

Where the future economic benefits of the asset are not primarily dependent upon the assets ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of a class of asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

**(i) Employee Benefits**

Provision is made for the company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits expected to be settled within one year together with benefits arising from wages, salaries and annual leave which may be settled after one year, have been measured at the amounts expected to be paid when the liability is settled plus related on costs. Employee benefits payable later than one year have been measured at the net present value of the estimated future cash outflows to be made for those

benefits. Contributions are made by the entity to an employee superannuation fund and are charged as expenses when incurred.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 DECEMBER 2015**

**Note 1: Statement of Significant Accounting Policies (continued)**

**(j) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST, where applicable.

**(k) New Accounting Standards for Application in Future Periods**

The AASB has issued a number of new and amended Accounting Standards and Interpretations which are mandatorily applicable for future reporting periods. The Directors have decided not to early adopt any of the new and amended pronouncements. The Directors have assessed the effect these new and amended pronouncements will have on the company and have determined that none will materially impact the company's financial statements.
